Introduction

We are pleased to share our Clinical Laboratory Services Industry Multiples Valuation Update for Q2 2025.

At Seale & Associates, we are committed to providing process-driven solutions designed to optimize value and achieve our client’s strategic objectives in a range of transactions, including **Mergers, Acquisitions, Divestitures and Carve-Outs, Business Sales, Recapitalizations, and Joint Ventures**, among other corporate finance and strategy consulting services.

Over the course of 25+ years, we have successfully served clients all over the world, and we are delighted to continue providing investment banking advisory services to our clients who are looking to grow through acquisitions or optimize their portfolios through strategic divestitures.

Seale has extensive experience advising leading multinational companies, private equity firms, and family-owned businesses across a wide range of industries.

Clinical Laboratory Services Industry Overview

M&A Trends and Market Intelligence

- The **global clinical laboratory services market** is expected to generate a revenue of **US\$291.0B in 2025** and is forecasted reach **US\$466.9B by 2032**, reflecting a **7.0% CAGR** during this period
- The growing demand for laboratory services is driven by **rising clinical testing needs for chronic diseases**, alongside the **integration of AI and Big Data in diagnostics**. Additional factors fueling this growth include increasing awareness of the importance of clinical testing and expanding healthcare expenditures
- **Rising government healthcare spending** is a key driver of market growth, as countries aim to meet the increasing demand for clinical laboratory diagnostics and services while **ensuring availability and accessibility for citizens without financial hardship**
- M&A activity in the sector has been characterized by strategic acquisitions to achieve **economies of scale**, diversify **service portfolios**, strengthen **market positioning**, and gain access to **advanced technology and talent**
- Mergers and acquisitions offer an opportunity for companies in the sector to enhance their competitiveness by **reducing costs and consolidating infrastructure**, while also enabling **access to emerging technologies** and **promoting innovation** through **research and development collaborations**
